- ▶ Refuse/Recycling normally picked up on Friday, January 1, 2021 will be picked up on **Thursday, December 31, 2020.**

Village Snow Procedures:

Village crews clear all streets, starting with main thoroughfares, next proceed to streets adjacent to schools, then clear residential streets and alleys. Sidewalks that abut village-owned land, such as parks and government buildings, are also cleared. At times a liquid anti-icing agent is applied to streets prior to a snow event preventing ice from bonding to the pavement.

DEAR RESIDENTS,

Every year on Christmas Eve we have the family tradition of viewing the light displays on local houses. We put hot cocoa in travel mugs, deck out the car in lights and jingle bells, and drive around with Christmas music blaring. My son knows that when I come down in my crazy tree glasses that 'Christmas Christine' has arrived and we are in for a magical evening. Last year we were blown away by the display that the Ausman family had put on their house. So much so, that I left them a handwritten note expressing my interest in featuring them in the magazine next year. We planned this so far ahead, that their outdoor photos were taken last year and just recently we returned for some fun indoor pictures. Enjoy reading their story and hopefully your family makes an evening of viewing their amazing light show.

HAPPY Holidays
Christine McBride

While 2020 has certainly canceled a lot of events, one thing it can't touch is the holiday spirit. Matt and Christine Ausman attracted lots of attention last year when they became known as the Christmas house with their epic light display, set to music playing from a radio station.

The couple first began dating in January 2009 when they were both living in Atlanta, Georgia. They got married in 2012, and were content being 'DINKS', meaning double-income no kids. So they began climbing the career ladder. Matt leads teams that build IT systems for field technicians fixing medical equipment all around the world. Christine is a commercial interior designer, specializing in furniture for large office spaces and higher education buildings.

A few years after being married and enjoying their lifestyle, they experienced a change of heart when attending a funeral for Matt's grandmother. "On the car ride back we discussed how nice it was for the entire family to be together and have younger generations," said Matt. "It took a sober milestone of a funeral to make us realize that we did want to have children of our own."

They thankfully became pregnant right away, and they lovingly referred to their growing baby as 'half pint'. The day of their ultrasound Matt jokingly said to Christine, "You know that two half pints equal a full pint" — a line that Christine did not find very comical at the time. When the ultrasound tech began the sonogram, it became obvious that there were indeed two babies growing inside Christine.

"We quickly went from tears of joy over seeing the sonogram to anxious tears, thinking about how in the world we would manage twins," said Christine. "There are so many thoughts that went through my head...the clothes, the money, visions of a life with twins, and having what is now considering a high risk pregnancy. The list goes on, but I don't think anyone is ever mentally prepared to hear that they are having twins."

While Christine's pregnancy started out well, at 27 weeks she went into the hospital and it was discovered that her water had broken. She was put on bedrest where she was assigned to stay for the next 12 weeks. However the next morning doctors said that they needed to deliver the babies immediately. "We were so happy to have our little girls arrive, but so scared for the coming weeks since we knew there would be a long stay in the NICU," said Christine.

Emmerson (Emme) and Addison (Addi) each spent a total of 10 weeks in the NICU and their time there was mentally challenging for Matt and Christine. Having experienced how isolating the NICU can feel, it motivated the couple to begin a non-profit called Littlest. Their goal is to give comfort and help families create memories and educate new preemie parents on their journey ahead. Each box includes many NICU specific items, but the highlighted ones include an octopus that Christine crochets herself, and milestone cards specific to NICU accomplishments for example, 'I took my first bottle today'. The boxes are currently distributed through a few hospitals and are also available to donate online at www.littlestbox.org.

Aside from bringing joy to families facing NICU stays, Matt and Christine love to bring neighbors joy through their yearly Christmas light show. This all began in 2015, when they went to visit Christine's family in Oklahoma where light shows are the norm. "After we drove by a few of the houses I thought to myself, I can do this too," laughed Matt. Combining his engineering degree with his handyman skills, and lots of 80% off holiday light sales at the end

of the season, Matt was set to put on a light show the following winter. After a few years of successfully putting on light shows in Atlanta, they moved the setup to Whitefish Bay in February 2019.

"We love the light show so much, that while looking for houses in Whitefish Bay, we would turn to each other and ask if this would be a good house to put on a Christmas light show," said Christine. "We ended up with the perfect house and last season was our first show in our Whitefish Bay house. The community was so supportive and it seemed to bring a lot of joy to everyone."

The display last year took Matt over 200 hours to put together, in large part because he not only programs the light show but also builds all the props himself. Matt was able to find an unused radio station and set up the music to play on that station. This allows cars to tune their radios into the music that matches the light show. "Of course having two little girls they requested Frozen as last year's theme. This year we are going with something more for the entire family, featuring music by Lindsey Stirling and a surprise Broadway theme," said Matt.

For those interested in visiting what the community has lovingly labeled 'The Christmas House' the display runs from the day after Thanksgiving through New Year's Eve. They are located on Circle Drive and run the lights on weekdays from 5-8pm and until 9pm on Fridays and Saturdays. Viewing the light show makes for a wonderful way to spend an evening together as a family!

Resident Snow and Ice Removal:

All residents and business owners are responsible for snow and ice removal from public sidewalks adjacent to their properties within 24 hours of a snow event. Please clear all corners with crosswalks; handicap accessible ramps should be cleared out enough to accommodate a wheel chair.

Placing snow on property other than your own is not a legal practice. It is against Village Ordinance to push, pile, blow or shovel snow into and across the Public Street and alley. Please remind your contractors of this rule. Machine noise by private citizens or contractor is prohibited between 10 pm and 6 am. Please be considerate of neighbors when clearing snow.

With the automated refuse and recycling program, collection carts continue to be required to be placed within 3 feet of the curb or alley edge and 3 feet away from any obstruction. Residents may use carriage walks and driveway approaches or shovel a portion of their parkway to provide adequate space for collection carts. Residents with an alley are required to shovel out and clear the top of their carts to ensure collectors have access to the carts. Village Public Works collectors may not be able to collect carts if they have not been shoveled out and cleared off.

Fire hydrants should be shoveled out in a 3 feet radius to allow access in the case of a fire. Residents whose property has an adjacent bus stop with concrete are requested to keep that area clear and free of ice to allow for bus patrons to safely get on and off the buses. Your assistance with all of these above matters is greatly appreciated.

Overnight Winter Parking

On October 5, 2020, the Village Board approved changes to winter parking regulations in Whitefish Bay. The proposed overnight parking changes only affect winter overnight parking, which is enforced from 3:00 am to 5:00 am from December 1st through March 31st. Vehicles still need to abide by all other parking regulations for the location in which they are parked. An overnight parking permit does not supersede time zone restrictions or other restrictions on a block, and vehicles with overnight parking permits must be moved once every 24 hours.

The changes to overnight parking regulations are as follows:

- ▶ **Free Nightly Parking Permission:** Each license plate gets 25 free parking nights per calendar year (increased from 15). These can be used to park on any street in the Village. In the Winter, parking shall be in front or across the street of the residence making the request based on even/odd date (see below). Request free nightly parking at the following webpage: www.parking.wfbvillage.org

- ▶ **Overnight Monthly Parking Permit:** Monthly permits can now be purchased for any street in Whitefish Bay, no longer requiring vehicles to be parked in pre-designated areas. In the Winter, parking shall be in front or across the street of the residence making the request based on even/odd date (see below).
- ▶ **Where Do I Park in the Winter (12/1/20 through 3/31/20)?** Alternative Side - Even/Odd - Parking: In the Winter, monthly permit holders and free nightly permissions will be required to follow alternate side parking. Vehicles should park on the even-numbered side of the street with an even-numbered calendar date before midnight, and on the odd-numbered side of the street on those nights on odd-numbered calendar dates before midnight (unless an exemption applies). Vehicles with monthly overnight parking permits must be moved once every 24 hours.
- ▶ **Where Do I Park in the Spring, Summer, and Fall (4/1/21 through 11/30/21)?** In the Spring, Summer, and Fall, monthly permit holders and free nightly permissions will be required to park directly in front of your residence (unless an exemption applies). Vehicles with monthly overnight parking permits must be moved once every 24 hours.
- ▶ **Overnight Monthly Permit Cost:** Permits cost \$30.00 per month. Permits are available to purchase online beginning 5:00 am on the 15th of the month for the next month. Permits are available for sale in person during police administration hours (Monday thru Friday 8:00 am to 4:30 pm) and online 24 hours per day at the following webpage: www.parking.wfbvillage.org. If the permit is purchased after the 15th of the month, the fee is reduced to \$15.00.
- ▶ **How many months can I purchase at one time?** Beginning December 15th, 2020, you may purchase up to 12 months of overnight parking at a time within the 2021 calendar year. You cannot purchase a permit for 2022 until December 15th, 2021.
- ▶ **What if my parking is already limited to one side of the street and/or my residence borders Glendale?** In these circumstances, you would be allowed to park directly in front of your residence year-round with a monthly overnight parking permit. However, an overnight parking permit does not supersede time zone restrictions or other restrictions on a block. The Village will work with residents on a case-by-case basis for other unique circumstances. In addition, Public Works may temporarily need to restrict parking on these streets on an as-needed basis for snow removal.

Winter parking changes were made to improve village-wide snow plowing efforts, increase the limited number and distribution of parking spots in designated zones, and improve public safety. If you have any questions about the changes, please contact Lt. Patrick Whitaker with the Whitefish Bay Police Department at p.whitaker@wfbvillage.org.

TIME TO RENEW Dog and Cat Licenses for 2021

Your annual dog and cat licenses expire every December 31. Licensing is often overlooked until your best friend ends up at your friendly, local animal control! Unlicensed animals cost more to reclaim and it is harder to reunite animals without tags, such as a license. Licensing your pet is not only required, but there are great reasons to keep it updated each year!

1. Keeps you compliant with state and local laws and ensures all residents and their beloved pets are protected from rabies.
2. If your pet is wearing a license when it is found as a stray, MADACC gives them ONE FREE RIDE HOME each calendar year on the day of capture, only. This saves you money and prevents a stressful visit to MADACC when we can reach you immediately.

3. Current licenses are a great way for Good Samaritans who may find your dog/cat to call and find out where they belong, again, saving your animal some stress and saving you some money.
4. Licenses are only \$12 for all spayed and neutered pets, and \$24 if they are intact. A great value and the funds go to support animal welfare in your community.

Get your license at your City or Village Hall, or at MADACC (3839 W. Burnham Street, W. Milwaukee), where we do low cost rabies vaccines. You can also go online on our website www.madacc.org and renew or apply for a new license from the comfort of your home.

THE GREAT FRAME UP AND GALLERY 505

Celebrating Over 25 Years In The Community

With the sound of music playing and beautiful artwork hanging in the windows, one is happily forced to stop when strolling down Silver Spring when passing The Great Frame Up and Gallery 505 of Whitefish Bay. It is always a joy to hear the tunes while viewing the latest master pieces that are on display in the windows. After being in business for over 25 years, The Great Frame Up has earned the reputation as the best resource for original art and custom framing in the Milwaukee area. Local resident and owner Tom Harris enjoys connecting with clients and offers knowledgeable and friendly service to each person who comes through the door. "We want to build trust with each client so that they know they can rely on us to give them a great product and the best service," said Tom. Upon arrival you will be welcomed in by the vivid art adorning the gallery walls and a friendly greeting from the staff.

Striving to be a true one stop shop, they've continued to grow and expand their art and frame selection, in addition to their merchandise area. Staying in touch with current design trends helps keep the framing selection fresh and exciting. They now offer photo printing, including printing on canvas, so no need to make that extra stop to print your photo elsewhere. Have special, autographed sports memorabilia? Protective acrylic display cases for your signed baseballs, footballs or any other collectibles are also available.

The Great Frame Up staff are always keeping an eye out for new and exciting artists from around the world to add to the gallery collection. You'll find original paintings ranging from transitional to contemporary styles. Shop the Masters Collection featuring artists such as Peter Max, Salvador Dali, Marc Chagall and Miro. Whether you are looking for a gift for someone else or a special treat for yourself (you deserve it!), they have an array of always changing items to choose from. Shop their beautiful selection of hand-blown glass and the unique, hand crafted leather keepsake boxes made by the oldest saddle-makers in Peru. Their mini oil paintings also make fantastic gifts for special occasion or a hostess thank you gift.

One of the most exciting art additions in the last few years has been becoming an authorized dealer of The Art of Dr. Seuss Collection. "We all have some connection to Dr. Seuss. This collection really invites you to explore the creative mind of a genius whose lessons and morals are still important to this day" said Tom. The

collection includes fine art prints of the book illustrations, concept drawings, the "secret" art of Dr. Seuss and his unorthodox taxidermy sculptures. Available for purchase, with such a wide array of works, there is a perfect Dr. Seuss piece for everybody. Pop into their gallery to view the one of a kind collection.

Community involvement and supporting the arts are also incredibly important to the entire staff. Each year they host art shows for both St. Monica's School and Whitefish Bay High School to celebrate the visual arts. In the case of the high school show, it gives students a chance to take part in a judged and juried art show. Donating time, materials and support to keep encouraging the next generations of artists and creative thinkers is at the heart of the shop.

When dealing with the Covid situation in May, they wanted to honor the 2020 graduating class of Whitefish Bay High School. Leave it to an art gallery to get creative! They printed and matted all of the seniors' photos and put them on display in their windows. "With their senior year being cut short and missing out on so many moments, this was a way to commemorate these students and all of their their hard work," said Tom. "We wanted to bring joy and cheer to the seniors, their families, and the community. It brought a lot of happiness, and helped celebrate the 2020 seniors that had to give up a lot this year."

The Great Frame Up and Gallery 505 are located at 517 E Silver Spring. Stop by and see Tom and the staff for all your art and framing needs. Visit them online at www.gallery-505.com or www.tgfufwb.com.

Every pet owner can attest to the fact that they view their pet as a part of their family. The love and care that owners give to their pets also extends to which veterinarian they pick. The doctors and staff at Lakeside Animal Hospital realize they are being trusted with not just a pet, but a family member.

"We are all pet parents ourselves and understand that compassionate and reliable care is needed for our furry family members," said Dr. Judy Martinez. "Our goal is that from the moment you set foot into Lakeside Animal Hospital, you are impressed with our compassion and heartfelt care for all animals."

Lakeside Animal Hospital has been in business for over 80 years, making them the second oldest animal hospital in the Milwaukee-area. This milestone has allowed them to serve generation after generation of local area family pets.

Their goal has always been to deliver the highest quality medical care and Lakeside is proud of their American Animal Hospital Association (AAHA) accreditation. This involves meeting over 900 rigorous standards set by the AAHA, which just over 10% of animal hospitals and clinics take the time to complete.

"We view ourselves as a common sense animal hospital," said Dr. Rebecca Dallwig. "When you visit our hospital you can expect appropriate recommendations for your pet based on circumstances and best veterinary practice. We aim to be

an affordable animal hospital, and never try to add on unnecessary tests or procedures. We are thorough, transparent, and genuine from start to finish."

As a pet owner, you hope the only visits that you'll take to your veterinarian are for routine care. While Lakeside Animal Hospital would always prefer to focus on wellness care and preventative medicine, they have the expertise to handle emergency animal situations.

Aside from the annual head-to-toe wellness exam, Lakeside offers services such as vaccinations, dental care, pain management, and surgery just to name a few. In addition to caring for dogs and cats, they also take care of exotic pets. The list includes reptiles, rabbits, guinea pigs, rats, mice, gerbils and hamsters.

For over 80 years their goal has been to provide high quality medical care based on the needs of the pets and their people. While other animal hospitals might over-diagnose, they are committed to honest and conscientious practices. They also strive to have happy patients both in the pets and their human parents. Last year they remodeled the waiting area which includes two new rooms exclusively for cats.

Lakeside Animal Hospital is located at 211 W. Bender Road, Glendale - right off of Port Washington Road. For new patients more information can be found online at www.lakesideanimalhospital.biz or by calling 414-962-8040.

Home for the Holidays with the Merchants of Whitefish Bay

A NORMAN ROCKWELL STORY!

IF YOU THINK ABOUT IT, over the past 11 months many of us have spent more time with family, playing games, doing art projects while creating new memories around the kitchen table. The pandemic has forced us to stop what we were doing and reflect on all that we are thankful for. Please do all you can to support our wonderful, local merchants that are here for us during the holidays.

The holiday season shopping is going to be a bit different. Instead of boosting the profits of big chains, consider asking friends and family for a gift card to a local business that might be struggling. Restaurants, salons, art venues, apparel, jewelry, home décor, or whatever you are into. Each of the businesses greatly appreciates your patronage throughout the year and is well poised to meet all your seasonal needs. Collectively, the stores on Silver Spring Drive have something for everyone on your gift list!!

Unfortunately, the Holiday Stroll did not happen, but the Merchants have something for you every weekend on Silver Spring Drive:

- ▶ **Santa's Mail box** will welcome letters to Santa right up until Christmas!
- ▶ **12/5/20** - Whistles on Wheels will be at Berkeley & Silver Spring sharing their Calliope Cheer and Arthur Murray will be 'Dancing in the Street'
- ▶ **12/12/20** - Ice Sculpting Demonstration and NEW THIS YEAR an Ice Sculpture Crawl down Silver Spring Drive starting at High Brow Boutique and finishing at Keller Williams; you will also enjoy the sounds of an Alpine Horn as Sigmund makes his way down Silver Spring Drive.
- ▶ **12/10-20 - 12/18/20** - Celebrate Hanukkah with the Menorah in front of Yellow Wood.
- ▶ **12/19/20** - Enjoy the magic of the music from Stevan and his Bag Pipes!

Shop the Bay is happening again, and you have an opportunity to win a \$25 gift certificate to be used at any of the Merchants on Silver Spring Dr. We are going high tech this year with QR Codes - look for posters to scan the code!

Make sure you follow us on www.MerchantsofWhitefishBay.com for details. Also "Like" us on Facebook at <https://www.facebook.com/ShopWFB/> for daily and weekly updates.

STAYING SAFE

Through the Winter Holiday Season

AS WE HEAD TOWARD CLOSING out what so many have called an unprecedented year, we look forward to the various holidays that are celebrated each winter. But along with the celebration comes an increased risk of fire and injury. According to the National Fire Protection Agency (NFPA), more than one-third of home decoration fires are started by candles. Additionally, more than two of every five decoration fires occur because decorations are placed too close to a heat source; with nearly twenty-one percent of these fires occurring in a kitchen.

Following some important safety tips can help ensure you enjoy the joyousness of the season.

- ▶ Be careful with holiday decorations. Always choose decorations that are flame resistant or flame retardant.
- ▶ Keep lit candles away from decorations and other things that can burn. When possible, replace live candles with battery operated alternatives.
- ▶ Some lights are only for indoor or outdoor use, but not both. Always pay close attention to labeling and other markings to identify where your decorations are safe to use.
- ▶ Replace any strings of lights or other cords that have loose bulbs or that are broken, cracked or worn.
- ▶ Use clips, not nails to hang lights so that cords do not get damaged.
- ▶ Always keep decorations away from windows or doors to ensure you keep your exit pathway clear in case of an emergency.
- ▶ Always stay in the kitchen when cooking, never leave appliances that are in use unattended.

All of us at North Shore Fire/Rescue wish you and your family health, safety and happiness this holiday season. For more safety tips and information about North Shore Fire/Rescue, please visit our website, www.nsfire.org.

BLOOD DRIVE

December 16th

THE WHITEFISH BAY WOMEN'S CLUB (600 East Henry Clay) hosted the Versiti Blood Center at a blood drive in October. Approximately 48 patients signed in and helped save 102 patients in need. The next scheduled drive will be held Wednesday, December 16th. Historically

December is a difficult month for blood so please contact the blood center for an appointment at 877-232-4376. A huge thank you to all who have donated during this past trying year.

WHY FEED BIRDS IN WINTER?

Birds provide beauty and song, and help control insects in your yard. Birds eat beetles (including Japanese beetles), stink bugs, snails, whiteflies and aphids. Many birds spend winter in Wisconsin but struggle to find enough food. Feeding birds can be fun. When buying bird seed look for good quality seed, such as black sunflower seed, white proso millet or cracked corn. Avoid fillers like red millet or flax. Try using white proso millet for Dark-eyed Juncos and American Tree Sparrows. Northern Cardinals and Blue Jays prefer peanuts. Keep a journal of birds you are feeding to determine the best seed to buy. Don't forget to provide a clean water source that birds need to survive cold. Providing shelter gives birds warmth and protection from predators. Bird houses made of wood or plastic are good (periodically clean them with a mild soap and rinse thoroughly). A Christmas tree laid on its side or native shrubs and trees, such as evergreens and Cedar trees are also an excellent source of protection. Helping birds helps us provide a better world now and for future generations. Check out our website for more information on birds.

Whitefish Bay Public Library

Get Study Help with Tutor.Com

Whitefish Bay Public Library has partnered with Tutor.com to provide you with FREE online tutoring to support your academic success this school year. The experts at Tutor.com can help you work through a tough homework problem, improve your writing skills, study for a test, review a difficult concept, and so much more! To access Tutor.com, visit the library's website at www.wfblibrary.org to get started. Tutors are available every day from 12-7PM.

Grow Your Skills with Gale Courses

Gale Courses are online instructor-led courses that run for six weeks. New sessions begin every month and can help you prepare for that next job interview, get you ready for that big test or beef up your skills. Courses are available in beginning through advanced levels for certain courses such as Microsoft Excel. There are over 100 courses to choose from including:

- ▶ Microsoft Office products including Word, Excel, PowerPoint, Access, and more
- ▶ Six Sigma preparation
- ▶ Grant writing, creative writing, business writing, and technical writing
- ▶ Graphic design, web design, and digital photography
- ▶ Test preparation for ACT, SAT, Praxis, LSAT and GRE

Give The Gift of History

IT'S HOLIDAY GIFT-GIVING TIME, and the best gift you can give to a Whitefish Bay resident who loves this community is the three-book compendium of Whitefish Bay history: **Images of Whitefish Bay**, **Chronicles of Whitefish Bay**, and **Historic Whitefish Bay**, available at the Whitefish Bay Library and area merchants.

- ▶ **Images of Whitefish Bay** contains more than 200 photos – some nearly 150 years old – of Whitefish Bay's fishing, farming, industrial, and summer resort history.
- ▶ **Chronicles of Whitefish Bay** was inspired by **Images** after dozens of readers volunteered family photos and personal stories of those bygone days. It is a collection of yarns, memories, and remembrances that is the perfect companion to Images.
- ▶ **Historic Whitefish Bay** takes readers through the Bay's 185-year history from when the first settler arrived in 1835, telling the Village's story through the historic homes, the distinguished citizens, and the characters who made our community what it is today.

All three books are available at Milwaukee booksellers and at Winkie's, Village Ace Hardware, and other fine neighborhood stores. You can also buy the books at the Whitefish Bay Library at a discount of \$20 each, or the three-volume set for \$50. Royalties from all sales and all proceeds from library sales are pledged to the Whitefish Bay Library for historic education and preservation projects.

Whitefish Bay Civic Foundation

THANK YOU TO OUR NEIGHBORS from throughout Whitefish Bay who adapted to our event changes in 2020. Not being able to host all of our regularly scheduled events due to the pandemic makes us all the more grateful for the ones we did have. As we reflect on 2020, we also wanted to thank those businesses who have been loyal Whitefish Bay Civic Foundation supporters through the years. Their generosity has made so many events, grants, scholarships and civic activities possible. Simply put, we couldn't do it without you!

We are grateful for each of these sponsors and the support they've shown the Civic Foundation:

- Baird • Barden Orthodontics • Creative Construction • Ginger Lazovik, Shorewest Realtors • Habush, Habush & Rottier • Holy Family School • InBounds Training • JCC • JK Lee • Leslie Latterell, Shorewest Realtors • Mandel Group • OrangeTheory Fitness • Shoreview Pediatrics

We wish these partners and all of our Whitefish Bay neighbors a joyous and happy holiday season. May it be merry and bright. See you around the Bay!
